Please follow the steps below to select either Course Studio/Luminis or BBLearn as your designated course homepage. You will need to complete steps 4 and 5 for every course that you teach. By selecting BBLearn, you are selecting Blackboard as your home page for the course. By selecting Luminis Platform, you are selecting Course Studio.

1. Login to CougarWeb at [http://cougarweb.collin.edu](http://cougarweb.collin.edu) and select Faculty tab.

2. In the My Courses channel, click on "Click here to Access Blackboard".

Contact the eLC at 972.881.5870 or eLC@collin.edu

eLC faculty resources are available in CougarWeb. Under the Faculty Tab, click on eCollin Learning Center.
3. The next screen will list the courses you are teaching under “Courses I’m Teaching” for the currently selected term or All Terms. The term can be changed by selecting from the “Select Term” dropdown list.

![Course List](image)

NOTE: If an assigned class is not listed, please verify you are assigned the course/section in banner in the division office. Once you have verified you are assigned the course/section, and if you do have missing classes, please email webservices@collin.edu.

4. To the left of each course listing is a wrench icon. Click on this icon to open the window that will allow setting of the course homepage (possibilities are Liminis Site (default) or Collin Blackboard Integration).
5. A “LMS Configuration” window will appear. Select the course homepage that you want for this section. For distance learning courses you will select Collin Blackboard Integration. For all onsite courses, you may select either option. If you want to use Course Studio, choose the “Luminis Site” option. Finally, click on “Save”.
